

# WellMob User Survey

## Terms and Conditions

### Purpose of survey

The WellMob User Survey is part of an evaluation project to hear from users about user satisfaction with the website and suggestions for any improvements.

Please complete the survey before 14 October 2024.

### Contact data security statement

The WellMob team understands the importance of data security and makes every effort to ensure that your contact data is fully protected. Your responses to this survey will be deidentified and used only for the purposes of recording user satisfaction with, and content preferences relating to, the WellMob website.

For those users who identify as a health or wellbeing worker, we do ask an additional question: if you would like to be contacted to provide some additional feedback to the WellMob team. Should you choose to share your contact information with us to allow a follow up phone call to be scheduled, this information will be stored separately and securely.

We do not sell, rent, or lease our contact data or lists to third parties, and we will not provide your personal information to any third-party individual, government agency, or company at any time unless compelled to do so by law.

### Information for participants

If you have any questions, concerns or complaints about the survey, you may contact:

Tiarnee Schafer: WellMob Senior Workforce Development Officer (eMHPrac project), University of Sydney
